**FRIDAY, SEPTEMBER 22, 2011: COPPELL, TX USA:** Clear Technologies, a Women-Owned Business, from Coppell, Texas obtained recertification from the North Central Texas Regional Certification Agency (NCTRCA) as a Minority/Women Business Enterprise (M/WBE).

The M/WBE certification for women-owned businesses is one of the most widely recognized and respected certifications in the nation. "M/WBE recertification is an important milestone for us", explained Bonita Hargis, President of Clear Technologies.

Phil Godwin, Clear Technologies' Vice President of Sales and Marketing stated, "This recertification will continue to expand our company's visibility among decision makers in corporate supplier diversity programs in both the public and private sector." Godwin added, "...we see this recertification as tool that enhances our long tradition of serving both our clients and our community."

An M/WBE is a small business that is at least 51% owned and operated by a socially and economically disadvantaged person or persons that controls the management and daily business operations. State-wide, billions have been spent with certified M/WBEs, greatly contributing to the economic growth of Texas.
