CYBER RESILIENCY

DEFENSE STRATEGIES FOR YOUR IT ENVIRONMENT

SANDBOX VR | THUR. SEPTEMBER 28TH | 3PM - 6PM

EVENT DETAILS

Join **Clear Technologies** and **Carbon Helix** as we discuss all-inclusive cybersecurity solutions for your IT environment followed by immersive VR Experiences at Sandbox VR.

Clear Technologies and Carbon Helix offer a complete set of cybersecurity solutions using the most advanced industry technologies.

- **SOC** - 24x7 team to work with your SIEM for uninterrupted protection
- **IBM SIEM** - Real-time security intelligence to quickly detect and investigate
- **IBM EDR** - Endpoint protection and response to help secure your organization
- **IBM SOAR** - streamline security orchestration, automation and response

SANDBOX VR

At Sandbox VR, groups of up to six friends freely roam VR spaces together, exploring virtual worlds and relying on each other to succeed in games specifically designed to be social experiences. When guests step into our virtual worlds, they experience the world's most advanced virtual reality.
